Senior, Mathematics

Nanjing Foreign Language School

Nanjing, CN

Experience

Book Assistant, *Differential Geometry and Applications*

Summer 2025 - Now

Differential Geometry and Applications by Richard Hamilton, Monique Chyba, and Xiaodong Cao

- Composed, typed, and formatted examples and theorem proofs in $\text{\LaTeX}$ for the manuscript.

Independent Reading

Summer 2025 - Now

- Supervisor: Xiaodong Cao
- Topic: Minimal Surfaces, Ricci Flow, Riemannian Geometry.

Cornell MATH 2210 Teaching Assistant

Aug 2025 - Dec 2025

- Supervisor: Xiaodong Cao
- Write homework solutions, Grade homeworks, and answer questions.

Cornell MATH 4900 Supervised Research

Aug 2025 - Now

- Supervisor: Xiaodong Cao
- Topic: Geometric PDEs, Ricci Flow, Riemannian Geometry.

Cornell MATH 4901 Supervised Reading

Aug 2025 - Now

- Supervisor: Xin Zhou
- Topic: Morse Theory(Fall 2025) and Morse Theory and Floer Homology(Spring 2026).

Cornell MATH 4901 Supervised Reading

Jan 2025 - May 2025

- Supervisor: Daniel L. Stern
- Topic: Measure Theory & PDE & Differential Geometry
- 2025 Spring report: Isoperimetric Inequality

Cornell MATH 4901 Supervised Reading

Aug 2024 - Dec 2024

- Supervisor: Xin Zhou
- Topic: Differential Geometry
- 2024 Fall report: Proof to the Fary-Milnor Theorem

Cornell Design and Augmented Intelligence Lab

Ithaca, NY

Research Assistant & Summer Research Fellow

Oct 2023 - Sep 2024

- Train and evaluate Dynamic Bayesian Networks and Bayesian networks to predict people's uncertainties under experiment circumstances.
- Developed a python toolbox library to facilitate researchers in Dynamic Bayesian Network.
- https://github.com/qinzlyang/DAIL_toolbox
- Selected as recipient of the 2024 Cornell CIDS Summer Research Stipend and summer research fellow.

Awards

United States of America Mathematical Olympiad(USAMO)

Qualifier

United States of America Computing Olympiad(USACO)

Gold Division

Hobby

Photography, Tennis, Rubic's Cube(Rank 55 in Jiangsu 2017 2x2 contest)...
